Read the new advertisements in this issue.

Miss Minion Venable is quite sick with pneumonia.

Mrs. J. M. Hutchins has been quite sick for some time, but is improving.

Mrs. Newton Stewart died at her home in the 9th district last Saturday.

The examination exercises of the Winchester Normal will begin June 4 and close June 7.

There will be preaching at the Methodist church next Sunday—morning and night—by the pastor.

Mr. Lee L. Ayers received his commission as third class Postmaster from President Arthur last Sunday.

Mr. Frank Snodgrass, of Kentucky, has been with us several days, having been called here by the death of his mother.

The examination exercises of Mary Sharp College will commence on Monday, June 11th and end on Wednesday, June 20th.

Rev. J. T. Curry was the only delegate from this place to the District Conference at Shady Grove, Lincoln county, last week.

Mr. S. D. Payne, who has been living in Texas and Louisiana for several years, is visiting his father, Rev. J. L. Payne, of our town.

Rev. H. C. Tucker, of Wartrace, came home with Rev. J. T. Curry last Sunday evening. He spent Monday in town visiting our schools.

Mr. Wesley Fanning and Mrs. Wm. Fanning returned from Texas last week. They were highly pleased with their visit, and speak of repeating it next year.

We were visited with a heavy fall of rain, accompanied with considerable wind, last Sunday, since which the weather has been cool enough to make fine and heavy clothing in demand.

Mrs. E. C. Snodgrass, an estimable widow, died very suddenly of heart disease at her home in this place last Thursday evening. She moved here about two years since to educate her children.

Mrs. Margaret Stewart, ex-Sheriff H. P. Stewart's mother, died at her home, about three miles from town, a few days since. She had reached an advanced age, and was a pensioner, her husband having been a soldier in the war of 1812.

Sugars, Coffee, Molasses, Syrups, Bacon, Lard, Mackerel, Canned meats, Flour (all grades), from finest Patent Processed, Dry Goods, Notions, Hats, Buttercups' Patterns, &c., at J. A. Gaines'. Fine Shoes a specialty. Store in Ransom's block.

Miss Clara Kaserman died on Wednesday morning of last week. She was a great favorite with all who knew her. Her remains were interred by the side of her sister—who died about three weeks since—on her father's farm below town. We deeply sympathize with the family in their bereavement.

A Card of Thanks.

Thereby return the sincere thanks of myself and family to our many friends and the citizens generally for their great kindness to us during our late sickness and great distress. We will never cease to cherish the kindest remembrance for the interest thus manifested in us.

JOHN KASERMAN.

Masonic Lecture.

Past Grand Master John T. Irion, will deliver a lecture to the members of Cumberland Lodge, No. 158, at their hall in this place, at 10 a. m. to-morrow, May 24th. All members of the Lodge are requested to attend, and an invitation is extended to visiting brethren.

H. H. DULIN, Secy.

Mrs. John Hester died very suddenly of heart disease at her home in this place last Saturday evening. Mr. Hester was telegraphed for and arrived Sunday. The family moved here from Bedford county to get the benefit of our schools. The remains of deceased were taken to Bedford county for interment. Miss Joella Hester was instrumental in a severe protracted spell of sickness. The loss of her mother caused a relapse, and she is now very ill.

An eminent agriculturist of Wilson county asks the Lebanon Herald to print the following, for the truth of which he vouches:

"If the farmers wish to get clear of weeds, perennials and other obnoxious growth, let them, on the 24th, 25th and 26th of May, grub or beat around the timber, and there will never be a sprout from either of them. During those days the sign is in the heart."

MARRIED.—On the evening of May 16th, 1883, at the residence of the bride's aunt, by Rev. William DuBose, of Swannee, Mr. Nelson W. Carter to Miss Mabel Marion, daughter of Geo. H. Cherry, all of Winchester, Tenn. Miss Cherry, the bride, is one of the most unique young ladies ever saw; petite, with an expression of the face that indicates sense, soul, and largeness of heart, and a facial conformation that reaches the name of beauty, and we say to her that she won the heart and hand of a perfect gentleman when she won the heart and hand of Nelson W. Carter. May they both be happy forever.

A Card from Capt. Gregory.

Editor Home Journal:

I must confess, after reading the card of Dr. Barrett in your last issue, that I don't know whether he is for or opposed to the removal of Mary Sharp College, notwithstanding his statements to me, which are not denied in his card.

The Doctor's piece is subject, to say the least of it, to a friendly criticism, which can be done in no better way than to give the old mill-dam story. Gen. Wm. Moore, a candidate for the Legislature in his county, had to contend with a very vexed mill-dam question disturbing the minds of his people. It was this: The backwater from the dam caused considerable sickness above the dam, and all citizens above the dam wanted the stream to be declared navigable by act of the Legislature, so as to force the dam torn away. All below were opposed to it, because they wanted their grinding done at that mill. So the question was, "Are you for or against the mill-dam?" i. e., removal or no removal. The General of course in a very quiet way tried to satisfy both parties, and was about to fail. They would talk to each other. Finally, in order to bring him squarely out, they had an appointment made for him to speak right at the mill-dam. So, when called upon, "Are you for or against the dam?" his only reply was, "I am neither for pulling the dam down nor letting it stand." So, it seems, is the Doctor's condition.

Now let me ask him one question. Don't answer unless you want to. Are you sick and living above the dam, or do you live below and want your grinding done?

One more question: You say you are willing that the Trustees decide the matter. Now, what member of the Board of Trustees ever heard of such an attempt before the Nashville papers published the fact? Who started this thing, any way? TOM GREGORY.

A Tribute

To the memory of Laura and Clara Kaserman, by a friend who saw them often during their sickness.

In recording the virtues of these amiable girls no extravagant language is necessary. The plain unadorned truth will be piquant enough. They were nature's children, plain and unobtrusive, gentle and pure, bright and cheerful. Always happy themselves, they contributed largely to the happiness of a happy family. Hand in hand they lived. Together they studied the same books, sang the same songs, and loved the same flowers, and were not parted in death, but are now sleeping side by side in the silent grove, waiting for the arch angel's trumpet to call them to life everlasting.

Laura suffered most and went soonest. Clara suffered less and lingered longer. Her resignation was wonderful. She was willing to die and go and be with Laura, or to live and be with her mother. She thought "it was too bad for Laura to be all alone." She is now with Laura, but no mortal pen shall describe what "eye hath not seen nor ear heard, nor hath entered into the heart of man to conceive."

Forever Laura and Clara; but not an eternal farewell. Your friends will soon cross over the dark river and join you in your immortal abode. Until then adieu. A FRIEND.

From Huntland.

Editor Home Journal:

As nothing has been noted from this place recently, we will give a few items of news.

Perhaps we are about an average people. We don't claim superiority in anything. Some of us are industrious, and some of us are rather dilatory; but upon the whole we, like the Dutchman, claim to be good enough to pass an examination.

Last Tuesday morning Mr. John B. Keith lost a quantity of corn, a new wagon and the power of his threshing machine by fire. The building is supposed to have been set on fire by parties who had first stolen and removed the corn and then burned the building to hide the theft.

The crop prospect is only tolerable. Wheat is generally indifferent. Some crops are good.

Oats look tolerably well.

Clover is not as good as is common for this section.

The fruit crop is almost a failure, except about the mountains.

The corn prospect is not very flattering at present. It is badly missing, caused by the depredation of vermin and the dry state of the soil.

It is a long line that never turns. We have been on the stool of do nothing, except a little wind now and then in reference to some mechanical enterprise. It is true that the manufacturing interests of the country have been too much neglected in this country. While a few have favored the getting up of some enterprise for the good of the community no one has dared to go beyond the wind until recently, when one of our merchants braved the tide and set on foot an enterprise which, if he is successful, will be of great benefit to the community. We learn that he has gone so far as to encourage a manufacturer to bring on, as samples and for sale, a few articles. The people are considerably excited upon the subject. The articles to be manufactured are called wheelbarrows. We wish success to the enterprise. The merchant is building a new store-house for goods, and perhaps will use the old store-house as a workshop and depot for his wheelbarrows.

Now, if we could induce some tub and churnmaker, and a chairmaker, and a few more something else makers, to set up at Huntland, we would have a nice place; at any rate, we would have a business place.

Some of our big, fat widowers are getting extremely excited on the subject of matrimony.

Non-Resident Notice.

T. J. Cashion and wife et als vs Samuel Stiles et als.

It appearing to the satisfaction of the Clerk and Master, from the affidavit and allegations in complaint filed in above cause, that the defendants, Wm. Stiles and the heirs at law of Aaron Stiles, dec'd, (names unknown), Young and Seaborn Stiles and the heirs of Jane and — Howard, dec'd (names unknown), James E. and Mandy Stiles and the other heirs of Seaborn Stiles, deceased, (names unknown), Geo. Cooper and Wm. Cooper, J. D. Smith and wife Martha, and T. A. Smith and wife Malissa, are non-residents of the State of Tennessee, so that the ordinary process of law cannot be served upon them.

It is therefore ordered that publication be made for four successive weeks in the Home Journal, published in Winchester, Tenn., requiring said non-residents to appear on or before the 4th Monday in June next, before the Chancery Court at Winchester, Franklin county, Tenn., and make defense to said bill, or the same will be taken for confessed and set for hearing ex parte as to them.

Witness my hand, at office in Winchester, Tenn., this May 21st, 1883.

Attachment Notice.

State of Tennessee—Franklin County.

Abraham Brazelton vs. Samuel Kohli.

In this cause it appearing by affidavit that the defendant, Samuel Kohli, is justly indebted to the plaintiff in the sum of one hundred dollars due by note, and is a non-resident of the State of Tennessee, so that the ordinary process of law cannot be served upon him; and an Original Attachment having been levied on his property—a tract of land containing 30 acres, more or less—by Frank Leiber, a Constable for the 14th civil district of said county.

It is therefore ordered that publication be made in the Home Journal, a newspaper published in the town of Winchester, Tenn., for four successive weeks, commanding the said defendant to appear before me, an acting Justice of the Peace for said county, at my office in Winchester, Tenn., at noon on Thursday, June 7th, 1883, and make defense to said suit or the same will be proceeded with ex parte.

Where send our sons and daughters? THE WINCHESTER NORMAL

OFFERS SUPERIOR ADVANTAGES IN

English, Mathematics, Natural Science, Philosophy, Primary Studies, Latin and German, History and Literature, Music and Art, Book-keeping, Penmanship, Theory and Practice of Teaching.

THE FIFTH ANNUAL SESSION

Begins August 29, (Tuesday) 1883. The outlook for the future is full of promise. The enrollment was 347 the past year. The growth from the first has been steady and healthy, and to-day the Normal is the largest school of its age in Tennessee.

A FULL FACULTY

Of earnest, experienced, and successful teachers are employed. Besides the seven regular teachers, several assistants, full of vigor and enthusiasm, render valuable help.

Dr. Joseph Baldwin, author of School Management, says of the President, J. W. Terrill: "As a teacher and manager, he has few equals. His school at Hillsboro impressed me as the best I had ever visited."

Dr. W. R. Howell, of William Jewell College, Mo., says: "Few men of his age in Missouri, or the West, have won and sustained a higher reputation as a successful, practical teacher and College President than Mr. Terrill."

Prof. W. P. Nason, President of North Missouri Normal, says: "He is an educator of the very first rank; that as a presiding officer and teacher he has very few equals."

Prof. R. A. Clark is a native of Tennessee and a christian gentleman of the highest type. He has studied and taught for twelve years in the town of Winchester, and his work and success in the classroom show him to-day one of the most accomplished teachers in Tennessee. While he is a self-made man and teacher, and a graduate, yet none of our college-bred teachers will dare question or test his ability and skill by competing or comparing results with him. Free from the restraints of the old colleges he has readily accepted natural, or Normal, methods.

Miss Mattie Estill graduated in Mary Sharp College in 1875, and that institution honored her with a position as teacher, giving to her work and scholarship much praise. Since then she has spent two years in the Normal preparing herself for the grand work of teaching. She is a lady of fine ability, and an indefatigable student and worker. Her fine social qualities, her long training in Theory and Art of teaching, her scholarship, and her experience in actual work of the school-room, all combine to make her a very superior teacher. Her fitness, both natural and acquired, will be admitted by those who witness her work.

Mrs. Collie Terrill, Principal of Preparatory Department, has had an experience of twelve years in teaching primary branches and little children. Only after years of arduous study and training did she enter upon this work. Since 1876 she has taught in Winchester and it will be admitted by all that she has lifted Primary Teaching to a higher plane of excellence, thus conferring lasting benefits on our youth and schools. In Primary Work she is without a peer, not only in Winchester, but we believe, in this portion of the State.

Miss Jessie Leachman, of Texas, takes the place vacated by Prof. Wm. McIlhenny. She has several years' experience as a teacher. We assure our patrons and students that no mistake has been made in her selection. She was for years a student of President Terrill's in Missouri.

Miss Lillie Redmon has taught the Music the past two years, and her success has warranted the Faculty in purchasing new instruments throughout for her work in future. In this Department she will compare favorably with teachers of other schools.

Miss Marie French takes charge of an Art School in the Normal. This is a new and valuable feature to which we all attach special attention. She is well qualified, and comes to make permanent and successful this Department of the school.

Miss Maud Terrill, well known to the students and friends of the Normal, will teach half her time in the various Departments, as may be needed.
